The emergency of the Second Front has reached its peak. Germany and Japan are all aware that anyway Britain and the US will open the Second Front. Britain and the US have concentrated a great number of troops ~~wey~~ weapons and warships and sent thousands of aircraft fighters to bombard Germany's troop meeting points, highways and defensive

lines along ~~France~~ the ~~sea~~ coasts of France, Belgium, Holland and Norway.

2/ In the Pacific, Japan is ~~under mounting~~ in critical condition ~~pressure~~. In the Pacific Ocean, the Japanese troops met with successive failures. ^{In Europe} If the Second Front is opened ~~up~~ ~~soon~~ ~~in Europe~~ and ~~the~~ German troops are defeated soon, that day is very near.

1 World situation has great impacts on ^{our} home situation. ^{The more critically} Japan and its henchman - France are endangered, the more brutally they ~~op~~ repress our people. We ~~all~~ have been ~~at~~ victims of the imperialists' policy of terror and looting. Arrests, ~~at~~ arson and looting have been happening ~~happened~~ to every family. The crop is still far away, the paddy has gone out, yet the imperialists ~~and~~ keep demanding paddy. Pigs and ~~ch~~ hens have also taken away by them. And when the war spreads to our border, the devastation by the French and Japanese will ~~&~~ increase.

2. If our people don't ^{undertake} ~~make~~ revolution, they will die. ~~Following~~ ^{The} ~~thing~~ imperialists still loot and kill ^{you} even though you follow them. If you sit with folded arms you will be killed too. The only choice is to reunite ^{and} prepare forces to ~~do~~ making use of their weakness to fight against them.

In the struggle against imperialism, a large proportion of ~~our~~ our people are determined to fight ~~and~~ in defiance of hardship, difficulties and terror. The remaining section who ~~are~~ ^{been} have → not ~~been~~ resolved ^{yet} will gradually be determined for ~~it is the only alternative~~ there is no other alternatives.
